RECOMMENDATION LETTER

Dear Members of the Admissions Committee,

I am pleased to recommend Amalbek Bekpulatov for admission to the Development Studies program at the Universities of Erfurt and Passau. Amalbek is a senior student in the international double degree program between Tashkent State University of Economics (TSUE) and IMC University of Applied Sciences Krems. I have known him for two years as his professor in Budgeting and Financial Management and in Company Management Simulation.

Throughout this time, I have been consistently impressed by his strong analytical skills, proactive participation in class discussions, positive attitude, and excellent communication and problem-solving abilities.

Amalbek showed excellent analytical skills in both courses. He grasped financial concepts quickly and applied them well to real-world cases. In the Company Management Simulation, he helped design and carry out a financial strategy that led his team to outperform its competitors.

He was always an active participant in class, asking thoughtful questions and offering valuable ideas. His positive attitude and communication skills helped build a collaborative learning environment, and he was always ready to help his classmates.

Despite working full-time while studying, Amalbek kept his academic performance at a high level. He managed his time well, prepared thoroughly for every class, and consistently contributed meaningfully to discussions.

I am confident that Amalbek has the intellectual curiosity, strong work ethic, and personal qualities needed to succeed in the Development Studies program at the Universities of Erfurt and Passau, and I believe the program would give him an excellent opportunity to develop his skills further. I recommend him without reservation.

Please feel free to contact me if you need any further information.

Sincerely,

Bahromjon Urmanov
