Application for the position of Accountant (Fixed-Term Contract, 18 Months)

Dear Ms Focken,

I am writing to apply for the position of Accountant (18-month fixed-term contract) at Acushnet GmbH, as advertised recently. With a dual-award Bachelor's degree in International Business Management from IMC University of Applied Sciences Krems (Austria) and Tashkent State University of Economics, as well as hands-on experience in international client relations and financial administration, I am confident that I can contribute effectively to your finance team in Idstein.

In my current role as Client Relations Specialist in the International Outsource Department at Uztelecom, I coordinate cross-departmental workflows and handle written correspondence with international stakeholders on a daily basis — skills that translate directly to the structured, detail-oriented environment of accounts payable and receivable. In earlier positions, I managed financial records and processed payments as Hostel Administrator, and resolved billing-related queries and service payment transactions as a Call Centre Agent at Beeline Uzbekistan. I have additionally carried out accounting tasks using **1C** and **Excel**, and I am comfortable working with financial documents and reconciling accounts.

I am fully proficient in English at C1 level, which I understand is a key requirement for this role given Acushnet's international operations. I also hold a **DAAD scholarship** that enabled me to study International Management at Hochschule Stralsund, Germany, where I developed a strong foundation in European business practices. My German is at B1 level and improving steadily. I am known for my structured, accurate work style and my ability to meet deadlines consistently — qualities I consider essential in any accounting function.

I would welcome the opportunity to discuss how my background fits your team's needs. Please find my CV in English attached to this email. I am available for an interview at your convenience, whether in person in Idstein or via video call.

Yours sincerely,

Amalbek Bekpulatov
